

## About

I'm Sara-Jayne Terp. I love data. I love creating communities. I do strategic. And I happily admit to being a geek.

This is my personal website. If its contents interest you and you want to discuss them further, I can be reached at @bodaceecat or bodaceecat at yahoo dot co dot uk or [a few other places](#).

Meanwhile, here are some things that most people don't know about me:

- I contributed to [Cut-the-knot](#)
- I'm not any of [these people](#)
- I used to play a lot of [sports](#)
